## GERMAN THRUST TOWARD PARIS UNDOUBTEDLY CHECKED

### BIG PUSH ON SOISSONS-RHEIMS NOT DEFINITELY ENDED THOUGH

Thanks to Most Stubborn Resistance, Enemy Momentum is Being Slowed up by Allies

#### RETIRE IN ORDERLY FASHION

American Raid Penetrates the German Third Line Southwest of Toul This Morning

#### ALL YANKEES RETURN SAFELY

Impression Prevails Worst is Over so Far as German Offensive on Aisne is Concerned

(By United Press.)

Paris, May 31.—The impression prevails in Paris that the worst is over so far as the Aisne base of the German offensive is concerned.

Announcement that allied reserves are moving forward add to the confidence of the public. The capital's morale remains untouched by air raids and long range bombardment.

With the American Army in Lorraine, May 31.—An American raid penetrated the German third line northwest of Toul this morning.

Following an hour's terrific bombardment the Yankees crossed No-Man's-Land behind a barrage and swept over the enemy trenches, the hums who had survived the artillery fire, fleeing before them.

The Americans explored German positions without any opposition and returned safely.

London, May 31.—Thanks to the most stubborn resistance offered by the allies and the heroic events of every inch of ground yielded to the enemy and the maintenance of the closest co-ordination between the French and British, the German thrust toward Paris in the Soissons-Rheims sector has undoubtedly been checked, although not definitely stopped.

The allied troops are falling back slowly in orderly fashion and their reserves are increasing the support given the front line groups at critical points.

Developments of the past 24 hour have brilliantly demonstrated the value of a supreme allied commander.

The British press and public were more optimistic than at any time since Monday. There is not the slightest criticism of the retirement.

#### Bomb British Hospital

With the British Army in France, May 31.—German airmen, on Corpus Christi day, again bombed a British hospital far behind the lines, killing women nurses, doctors and patients setting fire to the building.

After dropping flares so as to reveal the situation, they dropped a large number of huge bombs. One scored a direct hit on a large hospital, wrecking the buildings. Sisters ministering to patients were pinned under the wreckage, together with the wounded soldiers and attendants. The British front is quiet today.

#### U. S. Airmen Make Record

With the American Army in Lorraine, May 31.—One American air squadron established the record of ten fights in one hour this morning. Lieut. Eddy Rikenbacher of Columbus, O., and Jimmie Meissner of Brooklyn figured prominently in two battles, the former saving Meissner's life twice. The Americans drove down at least four enemy planes down one of our planes was destroyed and the pilot captured.

Americans reported today that every German body found after Wednesday night's fighting in the Lunerville sector was shot through the head or heart—showing the quality of the American marksmanship.

#### Determined To Take Rheims.

With the French Armies in the Field—The Germans are determined to capture Rheims. Held up by the British in the east, north and west of that city, the enemy plans a wide circling movement to the southeast, hoping to surround it, military authorities believe today.

The German progress has been slower and more difficult for the past several hours owing to the steady arrival of French reserves. The enemy has been entirely checked at both points on the front.

Every German regiment engaged in the stubborn drive advances in successive bounds.

More companies are in the front ranks each time. Each company has four portable machines with one in reserve.

#### Consolidate Battlefronts

Paris, May 31.—The Germans, by an attack on the Ailette river region between Coucy-La-Chateau and the Oise river, have definitely consolidated the Aisne and Picardy battlefront, according to the French war offices statement today.

(Seemingly it is an effort to drive toward the Oise in an effort to flank the allied forces below Noyon, on the southern portion of the Picardy front.)

Before this attack the French had withdrawn from Blérancourt and Epagny, fighting stubbornly.

In the center the Germans advanced slightly toward the Marne.

On the left the French are still holding the western outskirts of Soissons.

On the right a French counter-attack recaptured Thillers, two miles and a half west of Rheims.

#### Airmen Attack Hospitals

With the Americans in Picardy, May 31.—German aviators attack three hospitals in the rear of the American area Wednesday night. They not only dropped bombs but flew over the hospital tents, deluging them with machine gun fire.

This attack took place on Corpus Christi evening, the religious feast

### MRS. MARY NEWKIRK SERIOUSLY INJURED

Mother of Charles Newkirk Is Struck By Motorcycle in Indianapolis — Taken to Hospital

#### FORMERLY RESIDED HERE

Mrs. Mary Newkirk, of Indianapolis, mother of Charles Newkirk of this city, was seriously injured yesterday evening when she was struck by a motorcycle in New York street in the downtown district of the city. The accident occurred when John White, the cyclist, lost control of his machine and ran onto the sidewalk. Mrs. Newkirk was taken immediately to a hospital where an attempt to learn the extent of her injuries resulted in the physicians stating that her condition is most serious. Mrs. Newkirk, who is 56 years of age, formerly resided in this city. Mr. Newkirk went to Indianapolis this afternoon to be at his mother's bedside.

### REFUGEES FLEE BATTLE GROUND

Streams of Them Pour Along Every Road Leading From Soissons-Rheims Front.

#### NO YOUNG MEN IN THE LINE

Every Conceivable Vehicle is Being Used From Farm Wagons to Baby Carriages.

(By United Press.)

With The French Armies in the Field, May 31.—From every point of the sixty-mile battle front between Soissons and Rheims, streams of refugees today poured down roads leading to central France—fleeing the Hun invasion.

Late last night the United Press correspondent returned from the fighting line where the homes of these people are being engulfed. The highways were bordered with the bivouacs of fugitives. For miles on miles the rolling country was a flicker with tiny camp fires of the refugees. On their weary march to God knows where, they tarried for rest wherever night found them, sleeping beneath vehicles; the lucky ones who had thought to bring a little food, cooking and eating it under the stars.

The stream of fleeing humanity made a pitiable spectacle. Each road seemed to have its own particular caravan, and the whole scene resembled the exodus of the children of Israel from Egypt as it is described in the Bible.

Every conceivable vehicle was in use from huge two-wheeled French farm wagons, hauled by oxen, to baby carriages. The oxcarts are capable of transporting the effects of an entire household.

On top of the piles of goods on some of these wagons were groups of old women, with babies among them, some of the children clutching

### WILL EXPRESS SPIRIT OF TIMES

Commencement Exercises of Rushville High School Tonight to Honor Soldier Graduates

#### ONE OF THEM TO BE PRESENT

Address Will Be Delivered by Dr. James Albert Woodburn of Indiana University

With the appearance of a khaki clad graduate and a flag draped chair for an absent member of the class, the keynote of the times and the part being taken among the younger men of the country will be sounded at the commencement exercises of the local high school this evening. The services will be conducted at eight o'clock in the auditorium of the Graham Annex.

Harold Wolcott, son of Mr. and Mrs. Frank Wolcott of this city, who is in training in the aviation corps at Newport News, Va., will arrive this evening in time to take his place in the ranks of the class and to receive his diploma. William Sexton, another member of the class who enlisted early in the spring, will be unable to attend the exercises although he will receive his diploma.

The address of the evening will be delivered by Dr. James Albert Woodburn, of Indiana University. The invocation will be pronounced by the Rev. L. E. Brown and the benediction by the Rev. C. J. Bunnell. A musical program will be given by the glee clubs of the high school and the members of the high school orchestra. The feature of the musical program, however, will be the rendition of the class song by the thirty-nine graduates.

Dr. Woodburn will speak on "American Ideals and the World War." He is an authority on the war and will have a message in this connection which will be of immense value.

### INTENSIVE DRIVE ON IN RUSHVILLE

Township Canvassers Begin Work Today to Put Their Territory Over Top in Short Order

#### CENTER AND UNION NEAR GOAL

Reports Which Will Show Hearty Co-operation of County Will Begin Coming Tomorrow

Although the War Savings stamps campaign in the out townships through Rush county has been in progress for several days and the work entirely completed in several vicinities, the intensive canvassing campaign in Rushville township did not start until today.

The canvassers in and about the city decided on a campaign similar to the Red Cross drive of last week when, in one well prepared blow, the entire campaign was covered, which resulted in a large over-subscription. The captains and their assistants have planned to begin the work in their districts simultaneously in order that there will be no duplications and that the township chairman may complete his report by tomorrow evening ready for submission to the county chairman, John A. Tinsworth.

Although there was little work done among the canvassers yesterday, reports from Union and Center townships were received this morning, indicating that both townships were about to go over their promised subscriptions. County authorities are confident that the final reports will bring in more than the county's quota of approximately \$50,000. No final reports have been forthcoming thus far in the campaign but tomorrow, the county officials believe, the reports which will show the hearty co-operation of the entire county, will begin coming in.

"Rush county is making an effort which is bound to result in a successful campaign," declared A. B. Ayres district chairman of the War Savings Stamp sale Wednesday evening on a short visit here. Mr. Ayres voiced his entire satisfaction of the manner in which the campaign is being conducted and expressed his gratification as to the manner in which the entire county was responding with subscriptions.

Franklin lodge, I. O. O. F. has invested \$100 in War Savings stamps and members of the lodge who were present at the meeting when the subscription was voted, also invested on their account \$220. The matter will be taken up at a meeting of the encampment tonight and also will be considered at the next meeting of the Rebekahs.

Dr. D. E. Monks of Shelbyville Admits it Did Not Belong to Him And Fine is Paid

#### IS SON OF RUSHVILLE MAN

Dr. D. E. Monks of Shelbyville, son of Dr. W. H. Monks of this city, was arrested here yesterday for operating an automobile with only one license plate.

When brought before the authorities he acknowledged that the one plate which was on the car did not belong to him and the case was set for this morning in the mayor's court. Dr. Monks was unable to appear this morning because of business affairs in Shelbyville. His father, however, appeared in his stead and after entering the plea of guilty paid the fine of one dollar and costs.

### YOUNG AND OLD UNITE IN TRIBUTE

War Time Spirit of '61, Linked With That of Today, as Defined by J. T. Aikin, is Cheered

#### MEMORIAL DAY SERVICES

Beautiful Ceremony in Honor of Dead Soldiers of This And Other Wars at East Hill

The war time spirit of '61 linked with that of today, as defined by the Rev. John T. Aikin, was cheered in the court house yesterday afternoon at a patriotic demonstration which closed a day given over entirely to the memory of soldiers who have died, and the honor of the soldiers living.

Rush county youth and old age alike united in the services observed both in the city and at the cemetery to pay tribute to soldiers and sailors, and as a result the memorial service was one which has never been rivaled in the county.

The sheriff's offices and large auditorium were packed and despite the intense heat endured by hundreds of men and women, the enthusiasm of the audience in response to the voicing of Americanism by the speaker knew no bounds.

Prior to the opening of the address of the afternoon "American," was sung by the entire audience, after which the Rev. Clyde S. Black asked the invocation and Mrs. W. H. Jackson delivered Lincoln's "Gettysburg Address." Mrs. Carl Behr sang, "The Battle Hymn of the Republic" and Paul Lagrange sang the "Marseillaise" amid the display of the wildest enthusiasm. Songs by the school children, readings by Miss Gladys Belout and Prudence Pope and the benediction by the Rev. M. W. Lyons completed the miscellaneous program. Warren Dagler gave a four-minute speech on War Savings stamps.

In the opening sentences of his address the Rev. Mr. Aikin paid tribute to the deeds of the men whose memory the entire nation was holding in reverence on that day and praised the unified spirit of America in the present war, stating that it exemplified the spirit of the veterans of the civil war.

Jabez Smith, commander of the Joel Wolf Post of the Grand Army of the Republic, had charge of the G. A. R. proceedings in connection with the program yesterday, which was in charge of the Woman's Relief Corps. Mrs. Josephine Webb was chairman of the program committee.

Services, beautiful in their simplicity and especially touching because of the major part which was taken by more than two hundred school children, were conducted in the cemetery yesterday morning in connection with the decoration of the graves of the soldiers. The program was given in front of the soldiers and sailors monument and as the two hundred school children, clad in white, passed in front of the monument every other child dropped a flower at the foot of the stone in memory of the soldiers, after which a similar ceremony was observed at the river where flowers were dropped in the stream and services in remembrance of the sailors were conducted. The procession to the cemetery was the largest in several years and escorted by the children and the members of the Relief Corps, the veterans of the civil war made the trip in automobiles.

The graves of Lieut. Walter Garlin and Private William Harding—Rush county's first dead in the present war—were also honored during

**Don't Let Worms  
 Kill Your Hogs**  
 The fact that your hogs or sheep are in pasture and apparently  
 free of worms today is no proof that they will not be loaded with  
 worms a week from now, therefore WORMS ARE PESTS which  
 must be fought continuously and feeding ACME WORM  
 BOUNCER from birth to maturity to your pigs and your lambs,  
 prevents indigestion, prevents fermentation of the food. PRE-  
 VENTS WORMS from breeding, prevents constipation, keeps your  
 animals on a full and even appetite, and ALWAYS THRIVING  
 and PREVENTS 90% of DISEASE. Saves feed—STOPS  
 LOSSES.  
 FREE intestinal and stomach worms are those that do not attach  
 themselves to the intestine or stomach. Worms which attach them-  
 selves to the stomach or intestines are properly called "blood suckers"  
 and nothing will expel the "blood sucking worm" after they are  
 formed.  
 The Thorn Headed Worm is a "blood sucker" and nothing  
 will expel them after they are formed. They have a mass of thorns  
 or hooks about the head and not only attach themselves to the in-  
 testines but bury the head into and clear through the intestines. The  
 THORN HEADED WORM can be positively prevented by feed-  
 ing ACME WORM BOUNCER from birth to maturity.  
 The Wisconsin Agricultural College, Veterinary Department,  
 in Poster Bulletin No. 3, July 1914, says: "Serum will not give  
 good results of worms, indigestion and other diseases are present."  
 This tells you that when your hogs are vaccinated, that you need  
 ACME WORM BOUNCER just the same, in fact more, for you  
 have spent on your hogs 50 to 75 cents per head more than the man  
 who has not vaccinated.

 pet goats and chickens.

In line with these farm lorries  
 were buggies, decrepit cabs, smart  
 traps and dogcarts, even automo-  
 biles, and between them and flanking  
 them paced the less fortunate fami-  
 lies that had to walk, carrying their  
 sole possessions in wheelbarrows  
 and baby carriages and handcarts.  
 And there were some folks still  
 poorer, whose only possessions were  
 what they were able to carry on  
 their backs. Sometimes the luggage  
 which these wanderers bore on their  
 shoulders was topped off by a sick  
 baby, tied firmly to the bundle of  
 household effects.

Intermingled with the human car-  
 avan were herds of oxen, horses,  
 sheeps, goats and cattle. Here and  
 there little girls drove flocks of  
 geese before them. Others herded  
 chickens and pigs, sometimes stop-  
 ping a moment to glance back at the  
 familiar scenes being left behind.

The peasants walked behind their  
 single cow, those who had once been  
 fairly well-to-do rode behind dozens  
 of cows, but all were homeless and  
 few had any particular goal in sight.

After a mile of the endless col-  
 umn trudged past, but not a single  
 young man was in the line. All were  
 women, girls, children and very old  
 men, showing that every Frenchman  
 who can fight is at the front.

Where all these who were forced  
 from their homes at a few minutes'  
 notice are going none knows. Few

**WOMEN ARE NEEDED  
 TO HELP IN WAR**

Women can be usefully employed in  
 nursing the wounded, in making up  
 the soldiers' kits, and in a thousand  
 other ways. Many American women  
 are weak, pale or anemic from woman's  
 ills. For young girls just entering  
 womanhood; for women at the criti-  
 cal time; nursing mothers and every  
 woman who is "run-down," tired or  
 overworked—Doctor Pierce's Favorite  
 Prescription is a special, safe and cer-  
 tain help. It can now be had in  
 tablet form for 60 cents. All druggists  
 send Dr. Pierce, Invalids' Hotel and  
 Surgical Institute, Buffalo, N. Y., 10c  
 for trial package tablets.

**GOSMER, IND.**—When I was a young  
 girl just coming  
 into womanhood I  
 suffered greatly.  
 This caused me to  
 become all run  
 down, weak and  
 nervous. My  
 mother gave me Dr.  
 Pierce's Favorite  
 Prescription and I  
 have never been  
 troubled since.  
 I am now the mother  
 of four strong, healthy children and I  
 have always taken this medicine dur-  
 ing pregnancy and afterward to give  
 me strength, which it always did. I  
 consider I was very fortunate in know-  
 ing of "Favorite Prescription."—Mrs.  
 Mary Goss, 615 South 11th Street.  
**LOANROFF, IND.**—My husband and  
 I are both enthusiastic users of Dr.  
 Pierce's Pleasant Pellets. We have  
 found them to be extremely beneficial  
 in relieving us of sick headaches,  
 sluggish liver and constipation. They  
 are very mild, but always effective. I  
 am very glad indeed to recommend  
 the "Pellets" to anyone in need of such  
 medicine.—Mrs. C. E. Strantz, 421

**TO BE ONE EXPRESS OFFICE**

Companies Combine According to  
 Agreement With McAdoo.

It is very probable that in the very  
 near future there will be only one  
 express office in Rushville because  
 one union express company has been  
 created by an agreement between Di-  
 rector General McAdoo and the  
 Adams Southern and Wells, Fargo  
 companies. Their transportation  
 business will be merged under a new  
 private corporation with a capital of  
 more than \$30,000,000 to be known  
 probably as the Federal Express  
 company, with George C. Taylor,  
 now head of American, as its presi-  
 dent. The Adams company main-  
 tains a separate office here and the  
 Wells, Fargo and American do busi-  
 ness from another office.

 reel comedy, will be the other at-  
 tractions on the program. Saturday  
 another one of the Fox sunshine

## Rheumatics Made Happy

Satisfied That "Neutrone Prescription 99" is All That's Claimed

This reliable prescription has, since being placed in the hands of the public, done more to remove Rheumatic Troubles than all previous remedies combined.

It is different from other remedies in that it does not upset the stomach or impair the heart, a condition heretofore thought impossible.

It is not a cure-all but a remedy to be taken internally treating Rheumatism as a constitutional disease, by its general action through the blood.

The treatment is a most complete combination of rheumatic-reducing elements and is dependable to produce results from the fact it attacks rheumatism as a disease of the blood. 50c and \$1.00 the bottle.

## MAY COMPETE FOR SILVER TROPHY

Rush County Students Between Ages of 16 and 20 May Enter Scholarship Campaign

### AGRICULTURE BOARD AT HEAD

Big Silver Trophy to be Awarded the Championship Team of Three Boys and Girls

Boys and girls in Rush county, between 16 and 20 years old are given a chance to compete for a \$200 silver trophy, \$175 in scholarships in the Purdue College of Agriculture, \$75 in cash prizes and four other silver cups to be awarded in the livestock judging contest at the State Fair, September 3, according to details of the rules of the contest received today by County Agent Detrick. All prizes except the four silver cups will be given by the State Board of Agriculture.

The big silver trophy will be awarded the championship team of three boys or girls who make the best record. This team may represent Rush county, any township in the county or any high school, but none of its members must have attended any agricultural college. One of the scholarships will be \$100 and the other \$75 good at Purdue, while the cash prizes will range from \$20 to \$5. for the person finishing ninth. County Agent Detrick will be glad to assist any boys or girls in the county who desire to get in the contest, which will take the place of the annual grain judging contest at the fair.

In addition to the livestock judging contest prizes at the fair, the county agent has been informed of recent action of the state board of agriculture in arranging to pay for a trip to Washington for the five boys in Indiana who grow the best corn this summer in a boys' corn club. The awards of these trips will be made at the farmers' short course at Purdue next winter.

## INITIAL EVENT OF COMMENCEMENT

Exercises in Connection With Graduating Program of Indiana University Observed

### TWELVE MORE SCHOOL DAYS

War Has Left Mark on Graduating Class Which Due to Enlistment is Smallest in Years

Bloomington, Ind., May 31.—The first exercise of the annual commencement of Indiana university was held today. It consisted in the reception to the class of 1918 by President and Mrs. William Lowe Bryan. The reception took place on the campus and was an impressive affair.

The next twelve days will be taken up with the closing examinations and the concluding commencement ceremonies. The annual commencement address will be delivered by former President Theodore Roosevelt on June 12.

The war left its mark on the class of 1918 heavily. It is the smallest in years, due to the enlistment of a large number of men in the service of the government. No law school commencement will be held this year, but the lawyers will receive diplomas with the remainder of the graduates. In other years there was a special law school commencement but it was eliminated this year as a matter of economy.

Other commencement activities on the program follow:

June 5—Senior swing-out and pipe of peace ceremony on the campus.

June 9—Baccalaureate sermon by the Rev. Lloyd C. Douglas of Ann Arbor, Mich., on the campus.

June 10—Tux and tree exercises and memorial presentation on the campus, class day exercises and reception by faculty to seniors and friends.

June 11—Alumni and all-university breakfast in the students building; class reunion and class dinners.

Miss Katherine Wooden, sister to Mrs. Bristor, is a member of the graduating class.

—Mrs. George Skipton has returned from Columbus, O., where she attended the commencement exercises in connection with the closing of Ohio State university for the summer. Russell Skipton was a member of the class.

—Richard Mylot, John Mylot Sr., Tom Mylot, Joe Mylot and John Mylot, Jr., of Peru, Will Mylot and Tom Mylot of St. Louis, Leo Mylot, who is in military training in Kentucky, Mary Mylot and Mr. and Mrs. Otto Wagner of Logansport, Tom Comiford of Bunker Hill, Jim Fitzgerald of Kokomo, Ida Sullivan of Cincinnati and Leo Sullivan of Terre Haute have returned to their homes after attending the funeral of Pat Mylot here.

## Says His Prescription Has Powerful Influence Over Rheumatism

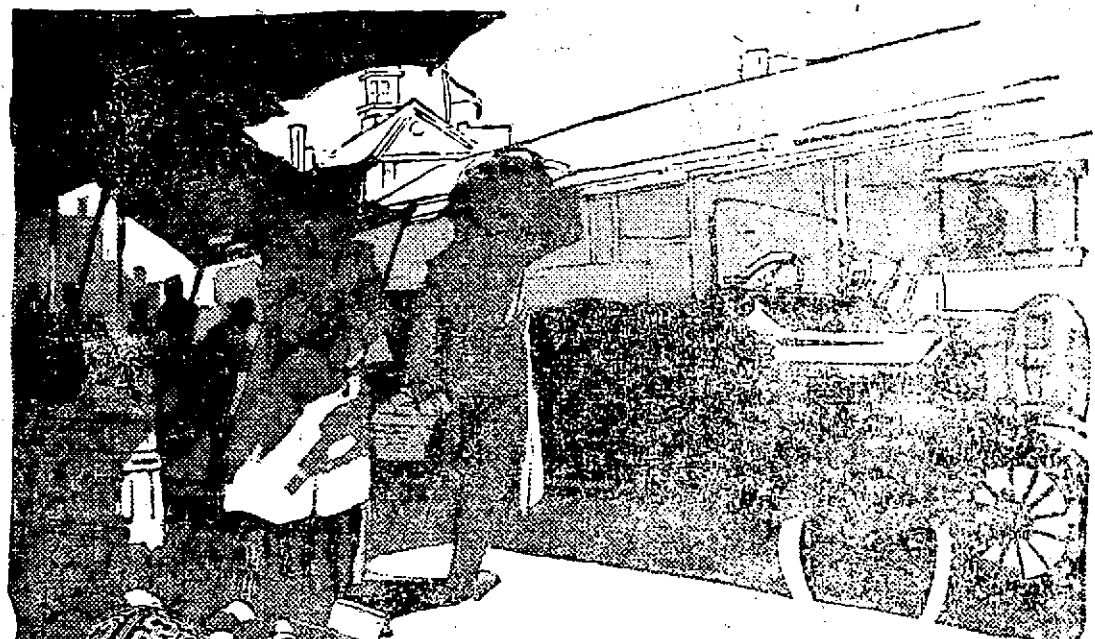

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenrhu Completely Banishes All Rheumatic Pains and Twinges

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Every druggist has been appointed agent for Allenrhu in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.—(Adv.)

# Sour Stomach

Mi-o-na Puts the Stomach in Fine Shape in Five Minutes

If your stomach is continually kicking up a disturbance; if you feel bloated and distressed; if you belch gas and sour food into the mouth, then you need Mi-o-na Stomach Tablets.

Mi-o-na stomach tablets give instant relief, of course, but the more they drive out the poisonous gases that cause fermentation of food and thoroughly clean, renovate and strengthen the stomach so that it can readily digest food without artificial aid.

Mi-o-na stomach tablets are guaranteed to end indigestion, acute or chronic, or money back. This means that nervousness, dizziness and biliousness will disappear. Drugists everywhere and Johnson's Drug Store sell Mi-o-na. (Adv.)

# A SURE REMEDY FOR SOUR STOMACH AND CONSTIPATION.

A few minutes after taking Pepsinco, sour stomach is relieved. No gas, misery, or heaviness bothers. Follow a few meals with Pepsinco and a natural, normal bowel action will be the result.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Pepsinco is the best remedy for any ailment of the stomach and positively regulates the bowels without any harmful effect. Pepsinco does not act on the bowels in the manner of a cathartic. Take Pepsinco if you have any of the symptoms of poor digestion. Pepsinco carries out nature's method thru its positive digestive action. A small package gotten at any drug store will prove our assertion. Ask for Pepsinco and get it. Fully guaranteed.

### Conservation Still Needed

Reports which have in the last few days gained wide circulation to the effect that there is no necessity for further conservation of wheat even with the United States supplying the demands of the allies of Europe, are given an emphatic denial by Herbert Hoover in a telegram received by Dr. Harry E. Barnard, federal food administrator for Indiana. Mr. Hoover states very insistently that no statement of an official character has ever been issued or authorized that would indicate there has been even the slightest justification for abandoning any further effort toward conserving wheat.

"The actual position is that our supplies until the next harvest allow for home consumption of approximately one-third of normal if we are to maintain the allies' supply," said Mr. Hoover's wire. Continuing, it says, "In the hands of the farmers and in storage we had at the beginning of May 75,000,000 bushels of wheat to carry us for approximately three months, or with an early harvest for perhaps two weeks shorter period. Our normal consumption for three months would be 120,000,000 bushels not allowing anything for the allies."

Dr. Barnard, in commenting on the wire, asserted that at no time have county food administrators in Indiana been permitted to relax their efforts toward a complete wheatless ration until after the Indiana wheat harvest. "This telegram from Hoover," Dr. Barnard said, "should further stimulate this effort, proving as it does that the situation continues vitally serious, and that unless there is a voluntary rationing, or perhaps a complete abandonment of the use

# GENERAL COUNCIL TO BE AT RAYS CROSSING

Selected at Closing Session of Christian Union Churches of America at Milo, Iowa

## P. O. ORTT HEADS COMMISSION

The next general council of the Christian Union churches of America will be held at Rays Crossing in 1922, according to a decision reached at the eighteenth quadrennial meeting of the body which closed at Milo, Iowa, this week.

Dr. A. C. Thomas of Milo, formerly pastor of the Rays Crossing church, was elected president of the general council; Dr. P. F. Meek, Gilman City, Mo., vice-president; J. W. Hyder, Excelsior Springs, Mo., secretary; the Rev. C. W. Cartright, Matamoras, Ohio, treasurer.

The Rev. P. O. Ortt, pastor of the Rays Crossing congregation, heads the commission of seven men appointed to carry out on a greater scale the mission aims of the home mission department. The chair of general superintendent was created with plans for carrying out the aims of the body. Dr. A. C. Thomas of Milo being chosen to fill the office. Visiting ministers preached each night, the Rev. Mr. Ortt delivering the sermon last Sunday night. Ministerial and lay delegates were present from seven states.

## Twelve-Year-Old Boy Writes An Original Poem

Once there was a little girl whose name was Mary

Before the war began, she was quite contrary.

But she bought a Liberty Bond, which made her very fond

Of doing anything to help her country.

She had a brother who was in the navy.

And one thing he liked to eat was gravy.

He didn't like to scrub the deck.

When he could be eating peanuts by the peck.

When he would hear a gun go boom.

He would begin to think of his tomb.

Her father had not done his bit.

And so he thought he would begin to knit.

She thought the best thing she could do.

Was to buy a liberty bond or two.

To aid our boys in winning the day.

That would help save our good old U. S. A.

of wheat and wheat products, the time will come when the issue will be drawn clearly—either we must do without entirely, or our dependents on the other side will be forced into actual starvation. There should be no question in any patriotic mind as to what constitutes one's duty in reference to conserving wheat, and that I feel I need not repeat in view of the above."

### His Middle Name

The controversy over the revenue bill seems to have simmered down in its latest stages to a trial of strength between Secretary McAdoo and Postmaster General Barleson. The latter sought to have the question made one for discussion by the Cabinet, and Mr. McAdoo violently objected, arguing, with logic on his side, that it was a matter for the Congress and the Treasury Department to decide. The honors of the final decision will be found to rest wholly with Mr. McAdoo; but Mr. Barleson will reluctantly, if at all, relinquish his role of Mr. Buttinski. There are many nosy individuals at Washington, but the Postmaster General is easily the best. If he would give a small proportion of the time and attention to perfecting the postal service which he gives to politics and to matters of legislation which do not pertain to his department, it would be a good thing for the public service and it would be conducive to less friction.

You have to appreciate the blessings of peace to be ready to fight for them.

Newcastle Man, Once Candidate For Congress, Selected Unanimously by Convention

**OTHER CONTESTS SETTLED**

P. J. Lynch of Newcastle, who was once republican candidate for congress from this district, was nominated for clerk of the supreme court near the close of the republican state convention in Indianapolis Wednesday afternoon. When it was apparent that he would be nominated, Charles S. Preston of Monticello, his opponent, moved the nomination be made unanimous and the vote was not announced.

Lewis Roark, of Bloomington, defeated Harry R. Campbell, of Indianapolis, for the nomination for state geologist. The vote at the close of the ballot was: Roark, 926 and Campbell, 764.

For the two judges of the appellate court from the first district, Solon A. Enloe, of Danville, and Charles F. Remy, of Indianapolis, were nominated. Francis Marion Thompson of Versailles, the third candidate, withdrew at the close of the ballot, moving to make the nomination of Enloe and Remy unanimous. The figures of the vote were not announced.

**HARD WORK FOR WOMEN**

It is a question if women, doing men's work deserves particular sympathy, for it is doubtful if there is any work that is harder than everyday housework. Overwork tells on the kidneys, and when the kidneys are affected one looks and feels older than the actual years. Mrs. A. G. Wells, R. R. 5, Rocky Mount, N. C., writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefit I have derived from their use for a short while." F. B. Johnson, Adv.

WEBSTER'S MULTICOPY Carbon paper is sold by Louis Hiner.

A pretty late spring wedding was solemnized Wednesday evening at the home of Mr. and Mrs. George L. Austin northeast of the city when their daughter Beatrice became the bride of Fred Osborne, of the 139th field artillery infantry, Camp Shelby, Hattiesburg, Miss. The ceremony was performed in front of an altar made of palms and ferns among which were intermingled bouquets of pink and white roses. On either side of the altar tall pillars topped with French baskets overflowing with roses and greenery were tied with flowing bows of maline in French colors.

Previous to the ceremony a program of bridal airs was played and for the entrance of the bridal party Lohengrin's "Wedding March" was played. The bride entered with the bridegroom and was attired in a charming gown of white satin combined with Georgette crepe and carried an arm bouquet of Ophelia roses. The ceremony was performed by the Rev. Clyde S. Black of this city.

Military decorations were suggested in the dining room where roses and ferns were combined with American flags of various sizes. Following the ceremony an informal reception was given and dainty refreshments were served. Mr. and Mrs. Osborne will reside at the home of the bridegroom's parents, Mr. and Mrs. L. B. Osborne, until Private Osborne returns to Camp Shelby, next month. He obtained a farmers furlough two weeks ago and returned home on a six weeks' stay to assist in the spring planting.

The members of the Wednesday afternoon Sewing club and one guest, Mrs. Will McGuire, were delightfully entertained by Mrs. Emma Craig at her home in North Jackson street, Wednesday afternoon. After the usual business was transacted, Mrs. Grant Gregg, the outgoing president, made a short talk, swearing in the new president, Mrs. A. T. Mahlin who replied with the reading of a very interesting paper on "Past and Future Presidents." The remainder of the afternoon was spent in sewing.

Mrs. J. M. Amos was hostess to the members of the Happy-Golucky club, and eight guests at her home south of the city yesterday afternoon. The guests spent a delightful afternoon over various kinds of sewing, and in the evening light refreshments were served. The rooms were decorated with flowers, the predominating color note being carried out with purple iris.

Miss Ellen Vickery entertained the nine members of her Sunday school class, the Good Samaritans, with a two course dinner party at the Seashan House Wednesday night. The table was beautifully centered with a large bouquet of mixed flowers. After the dinner, the guests were entertained by Miss Louise Pitman, who gave several readings and musical numbers.

The War Mothers club will meet with Mrs. Nell Trobaugh in 832 North Harrison street, tomorrow afternoon. Every member is urged to be present as plans will be made for the buying of the yarn for knitting and other important business will be discussed.

Mr. and Mrs. George Winkler of Arlington will celebrate their fiftieth wedding anniversary at the home of Mr. and Mrs. Jess Winkler in this city Saturday evening when they will entertain a number of relatives and friends from seven until ten o'clock.

Miss Mary Leona Veatch was hostess at a pretty party Wednesday evening, given in honor of her house guests, Miss Bernice Shantz of Big Rapids, Mich., Miss Clara Hiner of Needham, Ind., and Gordon Cyphard of Los Angeles, Cal. A profusion of peonies, roses and lilies were artistically arranged throughout the rooms. The evening was spent in music, after which light refreshments were served.

Miss Marjory Beale will entertain a number of her little friends this evening at her home northeast of the city, honoring Miss Katherine Watson, who is visiting here. The guests will include Miss Katherine Watson, Miss Katherine Brown, Miss Francis Payne, Miss Dorothy Wheeler and Miss Virginia Payne.

Mr. and Mrs. Harry McManus and children, Mr. and Mrs. Earl Grubb and son, Howard, Mr. and Mrs. Roy Hensley and Mr. and Mrs. Mike Mullins and family, were the dinner guests of Mr. and Mrs. Omer McDaniel Sunday.

Mr. and Mrs. Chauncey Duncan will entertain the members of the evening card club at their home in North Perkins street this evening.

Mrs. Hubert Innis will entertain the members of the Tri Kappa sorority, Monday night at her home south of the city.

**18 Casualties in Church Raid**

Paris, May 31.—A church was struck by a shell from a German long range gun during the enemy bombardment of Paris on Corpus Christi.

Eighteen were killed and wounded during the bombardment, it was officially announced today.

Baffled in their efforts to strike eastward and westward from the new salient in the allied lines, the Germans are attempting to reach the Marne with their heavy forces before the allied resistance becomes strong enough to halt them entirely. In the center, the enemy progress has slackened somewhat as the allied reserves have got into the battle.

Heavy fighting continues all along the arc-shaped salient from Soissons to Rheims. Struggle as they will against the French defense on the west around Soissons, the Germans are unable to gain. In the region of Rheims the same story is true, as the British and French divisions there stand firm.

By penetrating to the Marne southward from Fere-en-Tardenois, seven miles north of the river, which they reached yesterday, the Germans apparently hope to spread out eastward and westward, as they failed to do farther north, and thus outflank the strong allied positions at Soissons and at Rheims. French resistance in the center, however, has been growing in strength and the Germans are getting farther and farther away from their original base along the Ailette.

Paris advices today were that the enemy was still advancing south of Fere-en-Tardenois, but that neither the Chateau Thierry nor Dormans had yet fallen into his hands. There was reason to hope that Chateau Thierry, the population of which had fled, would be saved, as it was said Chateau Thierry is ten miles south of Fere-en-Tardenois, while Dormans is six miles south of Verzy. Both towns are on the River Marne.

Cincinnati man tells how to lift off any corn without hurting one bit

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky substance which dries the moment it is applied and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

## MAY MAKE CHANGE WITHOUT NOTICE

Food Program May be Altered without Notifying People in Same Manner as Time Tables

### CHANGES ARE NECESSARY

Confidence and Willingness of American Housewives Inspired by Frank Treatment

(By United Press.)

Indianapolis, May 31.—Like railroad time-tables the rulings of the United States food administration are subject to change without notice. Any food program is, of necessity, plastic. The problem of producing perishable foods and their distribution is constantly changing. There is uncertainty of the harvest, congested transportation besides many local difficulties which cannot be foreseen. All these influences cause a fluctuation in the conservation program.

This is the answer of Dr. Harry Barnard, federal food administrator for Indiana to the protests and complaints that have come from critics.

"The confidence and willingness of American housewives have been inspired by the frank way in which the administration has shared its changing problems with them," said Dr. Barnard today.

"The first Home Card asked for daily service in saving certain foods, such as wheat, milk, fats, and sugar. The gospel of the clean plate was preached and the use of perishables was urged.

"The second Home Card was issued last August at the time of the National membership drive. Over twelve million women signed the membership card, thereby agreeing to conform to the suggestions of the Home Card. This card emphasized the substitution of different commodities equal in food value for those concentrated foods needed to ship abroad. The country was asked at this time to observe one wheatless meal a day.

"The first of this year a 1918 Home Card was prepared, calling for one wheatless and meatless day in every week, one wheatless and one meatless meal every day, and in addition one porkless day.

"Due to those the Government has been able to provide such supplies to the Allies as transportation permitted. There is now enough meat in sight to fill the Allies' demands for the next two or three months, and still have enough to justify an increased consumption at home.

"The requests for wheat saving have had to become more and more drastic. The purchase of wheat flour on the fifty-fifty basis was patriotically accepted by the country's housewives. The bakers were required to use at least 20 per cent of a wheat substitute in all breads.

"Even this, however, has not met the demands for more wheat to send abroad. So that now the Food administration asks the people of the country to use but one and one-half pounds of wheat flour per week per person. All commercial bakers are required to use 25 per cent of wheat substitutes in bread baking. Only a public conscience awakened to the duty of food saving and a willingness on the part of all the people of America to change their dietary habits with changing needs will see us through the difficult months ahead."

### SAVE THE WHEAT TALKS No. 9

Wheat is Just a Habit, Anyway

We are accustomed to regard wheat as a more or less indispensable article of diet. It isn't. It is an article of luxury, and absolutely nothing else. Wheat possesses over oats, corn and rice absolutely no nutritional quality for man or beast. It has no more protein, and no better protein. It has no more fat and no different fat. It has no mineral salt better or in larger amounts. It has no more fuel or better fuel. It is just one of the cereals, and there isn't the slightest evidence that it is the best one, because so far as comparative tests are concerned in animals, it isn't the best one, it is very far from the best one.

—Dr. Alonzo Taylor.

## FARMERS PREPARE A SILO CAMPAIGN

Purdue Expert Will Remain in County During Drive and Assist in Installing Silos

### ALL OF COUNTY ORGANIZED

W. A. Alexander is Heading Campaign, Assisted by Marion Detrick—Posters Are Displayed

Although definite arrangements have not been completed it is probable that the week of June third will be observed in Rush county as Silo Week.

Under the leadership of the county campaign manager, W. A. Alexander plans for its effective observance, which will result in the installing of numerous silos on various farms through the county. The county chairman is being assisted by Marion Detrick, county emergency agent, in the drive which will be one of the most intensive agricultural drives launched in the county. A Purdue silo expert will spend the week of the campaign in the county assisting in the various features of the drive.

The entire county has been organized with a chairman at the head of the movement in each township consisting of the following men:

Bipley, W. L. Walker; Posey, Walther Northum; Walker, E. B. Lowden; Orange, Perry Gosnell; Center, Paul McDaniel; Jackson, Chester Cross; Rushville, D. C. Buell; Anderson, Brack Crane; Washington, Ralph Miles; Union, P. S. Daubenspeck; Noble, Edward Frazee; Richland, Arthur George.

It is the purpose of the State Council of Defense, under whose auspices the drive is being conducted, to bring about the erection of ten thousand silos in Indiana this year. It is desired that Rush county's quota be distributed through the county, every neighborhood to have its share and it is felt that the erection of this number of silos will have a greater beneficial effect for agricultural and food producing interests of the county than any other movement might have.

Posters announcing the approaching drive have been placed in all of the down town stores and bear proof of the efficiency of this manner of storing grain. According to the announcements between thirty and forty per cent of the crops of corn are lost in husking and by the silo method by which the husks as well as the ears are utilized there will be a saving which will add greatly to the country's food increase.

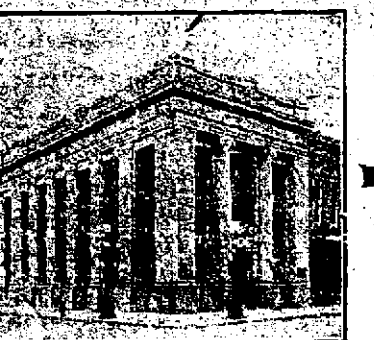

The Hague, May 31.—Eighty-eight of the persons who were killed when the British air squadron raided Cologne on May 18 were buried in the same grave, according to Les Nouvelles. The correspondent of the newspaper says the inhabitants of the city are panic-stricken.

### WOMEN'S WOES Rushville Women Are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know.

Mrs. Lizzie Borem, 840 W. 9th St. Rushville, says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. Doctors said I had gravel. I heard how someone else had been cured by Doan's Kidney Pills so I got a box at Wolcott's Drug Store. They helped me at once, and after I had taken four boxes the pain had left and I felt ever so much better."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

## Doctors Give Reasons For Spring Fever

"The name Spring Fever," said a well known physician in conversation the other day, "is a misnomer, and is largely a figure of speech used to describe the peculiar lassitude, that so many people complain of at the expiration of our winter months. It is a physiological condition well known to the medical profession, and is not a fever at all, but a general letting down of nature's forces, particularly the nervous centers, due to the deficiency of iron and phosphorus both of which are absolutely necessary for the maintenance of bodily vigor.

"Of course," he continued, "the excessive meat eating, the loss of green vegetables and of oxygen, of which there is so little in the average heated house, all play their part. The result is that nature is calling for an increased output of the vital forces during the winter months, and this demand means more phosphorus and iron. For it is these two potent remedies combined, which are nature's armament in her defensive warfare. With the advent of warm weather, the pores act more freely and the heart slows up and that peculiar lassitude which we call Spring Fever is manifested.

"And the remedy, Doctor," an interested listener asked? "Why my dear sir, the remedy for these starver nerve and blood centers is Phosphated Iron. But there is no reason why we should ever reach this point, if we would, from time to time take that well known remedy, Phosphated Iron, and so maintain the physiological balance, as shown by our color, our sense of well being, push and activity, all of which are necessary to make life worth while."

And the Doctor was right.

Special Notice—To insure Doctors and their patients receiving the genuine Phosphated Iron, we have put in capsules only. Do not allow dealers to substitute tablets or pills. Insist on capsules. PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

## SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a few months. It is sold in a small bottle, and is the only hot water and limestone phosphate cleans, stimulates and freshens the liver, purging you feeling fit and fine every day.

## TWO EMERGENCY SERVICE CALLS

Men to Engage in Buzzer and Radio Work Are Needed More Than Any Other in the Service

### TO CONDUCT NIGHT SCHOOLS

Rushville is Among Cities Effected and Will be Visited by State Head of Movement

(By United Press.)

Indianapolis, Ind., May 31.—In recognition of the immediate and pressing importance of the two emergency war service calls that have come to the Indiana State Board for Vocational Education the Indiana State Council of Defense has pledged its assistance in arousing the educational institutions of the state to a full appreciation of their duty the magnitude of the task and of its serious import to the success of the war. The calls are for the immediate inauguration of an intensive campaign for night schools for the education of conscripted men in radio and buzzer work, for United States army, and for the training of young industrial workers from fourteen to eighteen years of age in the duties essential to an effective backing up of the men bearing arms.

The plan for conducting night school and for special vocational courses for young men and women recently submitted to the council by J. G. Collicott, director of vocational education, were approved. However, the latest call from the federal government means a great speeding up of the machinery and particularly the abandonment of any arrangements for vacations in Indiana school plants, in cities of 5,000 or more inhabitants. These institutions are called upon by the educational authorities of the state and council of defense to stay on the job, as the need for the trained conscripts is greater than ever before, and the government requires a greater number of skilled tradesmen to manufacture munitions, fabricate ships and in other ways to support the army in the field.

The board of vocational education will enlist the service of President George L. Macintosh of Wabash college as a field agent. President Macintosh will visit the industrial centers of the state and assist local authorities in establishing the desired courses.

## THOUSANDS CROSS ON SAME STEAMER

Corporal Chase Monjar Writes Interesting Account of Trip Across Accompanied by 9,000 Troops

### ENCOUNTER NO SUBMARINES

Find That Prices in France Are Not Out of Reach—Lower Than Cities Near U. S. Cantonments

The fact that hundreds of thousands of American troops are being poured into France with astonishing rapidity was indicated in a letter which Mrs. Ella Monjar received from her son, Corporal Chase Monjar who with the 23rd regiment of engineers arrived in France recently.

"We made up as jolly a city as ever crossed the briny deep," declared Corporal Monjar in a letter which overflowed with the excitement of his new surroundings. The message contained an interesting account of the trip across and on the ship in which he was a passenger there were nine thousand troops, which made up a fair sized city.

"We encountered no submarines," the letter continued, "and as the weather conditions were delightful, enjoyed every minute spent between sky and water. Despite the wild tales we have heard concerning the extremely high prices existing here, all that I have had occasion to buy—tobacco, candies and other incidentals, are as reasonably priced, if not more so, than we found them about cantonments in the states."

Ancestors of Corporal Monjar lived in that part of France in which he is stationed, according to his letter, and it was in that vicinity of the country that his great grandfather had resided before coming to America. He stated that while off duty he is busy arranging the branches of his family tree after which he will endeavor to find members of the Monjar family who previous to the war resided there.

NEW HEROES HONORED AT MEMORIAL SERVICE

James Gresham First Indiana Soldier to Die, Given Special Mention at Evansville

BLUE DEVILS TO TAKE PART

(By United Press.)

Indianapolis, Ind., May 31.—New heroes were honored on Memorial Day for the first time yesterday in the observance of the occasion in Indiana cities.

Men who have fallen in this war for the freedom of the world, were remembered in the services.

At Evansville special services were held in memory of James Gresham, the first Indiana soldier and one of the first three of the nation to die in action on the battlefield in France.

Thomas R. Marshall, vice-president delivered the Memorial day address at his home town—Columbia City. He spoke to the veterans of the Civil and Spanish wars.

Indianapolis had the honor of entertaining 105 of the best French fighting men. They are the "Blue Devils" touring this country.

JOHN BLESSINGER'S WIFE DIES WEDNESDAY

Mrs. Lillie B. Blessinger, Age 22, Expires of Puerperal Fever Following Child's Birth

PARENTS AND HUSBAND LEFT

Mrs. Lillie B. Blessinger, 22, wife of John Blessinger residing northwest of the city, died Wednesday evening at six o'clock of puerperal fever which resulted after the birth of a stillborn son Monday morning.

The deceased was the daughter of Mr. and Mrs. Robert G. Bell of Blue Ridge, who aside from her husband, are the only survivors. The funeral services were conducted this afternoon at two o'clock in the Blue Ridge church with burial in the cemetery there. The services were in charge of the Rev. Moody Edwards.

Gurney Abernathy, formerly of this city, who was commissioned a lieutenant in the infantry at the second officers training camp at Niagara Falls, N. Y., has been transferred to the aviation section of the signal corps and is in training at Camp Love, Dallas, Texas.

SAVE THE WHEAT, TALKS No. 10 Wheat a Luxury—Not a Necessity—For Us

Our desire for wheat is solely a question of taste, comfort and convenience; it is absolutely nothing else. Wheat makes the nicest bread, the lightest bread, the bread that is transported best, the bread that keeps moist and sweet the longest. It lends itself to the habits of ease and convenience of a people; and because it lends itself to the convenience of a people, we want it sent to Europe and not kept here, and we ask and expect the American man and woman in judging of every situation as contrasted with that of our Allies, men and women, to ask who has the larger burden to bear, who has borne it longest, who has wasted in resources the most, who has lost the most by sacrifice, who has suffered the most in death and destruction, we or our Allies? And when we have a choice to decide as to whether we or they should increase or decrease our burden, it ought to be not the duty, but the joyful privilege of every American to lessen the burden of every man, woman and child in the Allied countries of Europe, by accepting their heavier burden on this side. And because wheat is easier to prepare than oats and rice and barley—that is the very best reason in the world why we ought to accept the oats and rice and barley and to give them the wheat that is necessary to maintain a normal ration.

—Dr. Alonzo Taylor.

CHURCHES TAKE PART IN DAY'S CEREMONY

All Open Memorial Day and Union Prayer Meeting is Held in Evening at First Presbyterian

CATHOLIC CHURCH SERVICE

There was a good attendance at the union prayer meeting held last night at the First Presbyterian church. All of the Protestant congregations of the city were represented. The address of the evening was made by the Rev. C. J. Bunnell who is the only Rushville pastor with a son in France. Lay members of all of the churches offered up prayers for the safety of America's thousands in the trenches of France.

All of the Protestant and the Catholic church were open all day yesterday for people to visit any time during the day, because Memorial Day had a special significance which it never before had, with America's army actually engaged in helping to stop the big German offensive in France. High mass was read at St. Mary's Catholic church at eight o'clock by the Rev. M. W. Lyons, who also delivered a sermon. Members of the Knights of Columbus marched to the church in a body and attended the service. Patriotic songs were sung.

TROOP TRAINS BRING HOME SPIRIT OF DAY

As Memory of Heroes of Other Wars is Honored, Soldiers in Big Struggle go Through

MEN ALL CHEERING LUSTILY

The true spirit of Memorial Day was brought home to Rushville residents in a more realistic manner than it had been in a number of years, and as the memory of the heroes of other wars was being honored, troop trains carrying our newest soldiers to the front lines in another war thundered through the city yesterday.

The lusty yells of the men on the troop train carrying twelve coaches filled with soldiers aroused the entire city yesterday evening and again this morning shortly after five o'clock residents within blocks of the C. I. & W. track were awakened by the greetings which thirteen cars of artillerymen threw out to passersby.

Mr. Robert Williams, Calensburg, Mo.

December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet store can supply you with Senreco. It is sold in large and small sizes and retails at 25c.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours, Senreco Company.

### Ask the Garage Man—He Knows

ASK ANY GARAGE MAN—those who do not also sell automobiles—about the various makes of motor cars and motor trucks.

ASK HIM WHICH ones come to him most—which least often.

HE'LL TELL YOU TRUE for it is a strange fact that though you'd expect him to be partial to those that come oftenest and run up the biggest repair bills, as a matter of fact his attitude is just the opposite.

HE LIKES THE KIND that, being well made and accessible, are soon out of the shop with a reasonable bill for adjustment or repairs—and a satisfied customer.

THE OTHER KIND cause frequent wrangles and endless enmities—in other words, they come once, stay over long, leave in an unsatisfactory condition and seldom return.

SO HE DOESN'T like those cars.

HE LIKES REOS—never heard of a garage owner or foreman that wasn't a warm friend of Reo's.

EVEN WHEN HE DOES sell some rival make of automobile or motor truck, he will admit, if you ask him, that Reo is "next best" to the one he sells.

ASK SEVERAL such agents and you'll find that, almost without exception, Reo is "next best"—and putting the replies all together you have the answer.

ANY MECHANIC in any garage will tell you that the Reo is the most accessible car he has ever worked on.

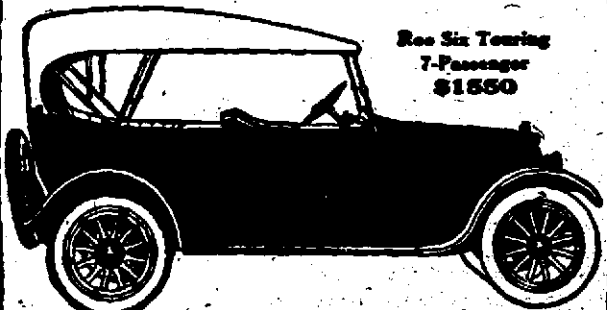

HE'LL TELL YOU—for this is a point that your garage man considers of the utmost importance—that Reo cars have the best bearings at every point ever put into a car or truck.

WE COULD go into details and explain why this is so but space forbids. Besides, we are suggesting that you ask an impartial judge—one who knows. He will tell you in more convincing—and more forcible garage language why Reos stand up—why the mechanic likes them and why the upkeep is so low.

## COMMITTEE FOR WHEAT HARVEST

Progressive Organization to Assist  
Thrashers in Rush County Or-  
ganized Among Farmers

M. F. DETRICK, PRESIDENT

Will Assist Farmers in Securing  
Labor During Threshing Season  
And Repairing Machinery

A progressive organization to assist the thrashers in Rush county in the successful harvest of the big wheat crop which is promised for this summer, has been named and headed by Marion Detrick, county demonstration agent, stands ready to offer any assistance to farmers which they may desire.

M. F. Lovett, county food administrator will assist in the work and Fred Lightfoot, of Washington township will represent the thrashermen on the executive committee. The organization has been completed at the request of the department of agriculture because of the monster wheat crop which it is believed the farmers will be unable to handle without the assistance of an organization which will be able to supply the necessary labor, and to keep the threshing machinery in repair by getting in touch with the shops which produce the machines used in the county.

Mr. Detrick as president of the organization has made it plain that the committee has been named for the purpose of assisting entirely and will endeavor to assert no authority over the harvesting of the crop. Any complaints or need of assistance are to be directed to the members of the board who will have their headquarters in the superintendent's office in the court house.

The first step in working out the plan of assistance which is to secure the names of all of the thrashers in the county, has been accomplished and the work which the committee is now doing is that of securing the names of all of the threshing machines in the county in order that they may keep in touch with the manufacturers to insure a hasty shipment on repair orders.

The members of the committee may be located on Saturdays throughout the entire day at the headquarters in the court house.

## FALMOUTH RAISES 3 FLAGS THURSDAY

Memorial Day Observed With Pa-  
triotic Program, Judge Springer  
Delivering Address

HUNDREDS ATTEND CEREMONY

Meaning of Old Glory, Red Cross  
and Service Flags Explained  
as They Are Raised

The triple flag raising with which Memorial Day was observed in Falmouth yesterday was one of the most spectacular events ever witnessed in the town.

Hundreds of people from both Rush and Fayette counties gathered for the event and as the finale to the program three flags—Old Glory, the Red Cross and a Service flag—were unfurled in the center of the town amidst the wildest enthusiasm of the people and patriotic music from the band.

Judge Raymond Springer of Connersville delivered the address of the afternoon, after which the Misses Elsie and Anna Vandaventer gave a program of songs and the high school orchestra played a number of selections. Miss Deloris Ewbank delivered a patriotic reading.

"Greater love hath no man than this, that he lay down his life for his friends," was the subject of the address of the afternoon in which Judge Springer lauded the soldiers in every national event which covered themselves and Old Glory—the emblem of the country—with honor. The self sacrificing disposition of those who have heeded the call of mercy under the banner of the Red Cross and the same spirit of right which has compelled the younger generation of our nation to take up arms against autocracy, was discussed by the speaker in reference to the meaning of the flags, as they were unfurled.

### The Best Thing to Do

A N aching back may not mean anything serious, but it certainly doesn't mean anything good.

When the kidneys are weak or disordered they cease to do their work, and instead of cleansing the blood of impurities, the waste products remain to attack the whole system, causing aches and pains in muscles and joints, irregularities of the bladder, puffiness under eyes, biliousness, erratic appetite and other ills and ailments.

### Foley Kidney Pills

Invigorate, stimulate and restore to healthy action the organs that filter and remove the waste products therefrom. They strengthen the kidneys and bladder and tone up the liver.

George McLaine, Turtle Lake, N. D., writes: "I am a locomotive engineer. I was troubled with my back. Had bad pains and bladder troubles me often through the day and night. I took Foley Kidney Pills and I was relieved in a couple of days."

If you have reason to suspect that your kidneys are overworked, weakened or disordered, the best thing to do is to give them help immediately. Foley Kidney Pills come in two sizes, 50c and \$1.00. F. B. JOHNSON'S DRUG STORE

## Buy W. S. S.

The first statewide War Savings Drive in Hoosierdom begins May 27th and ends June 3rd. During this week it is planned to sell \$7,500,000 in W. S. S.

At first glance it may seem that \$7,500,000 is a whole lot of money to expect to secure in War Savings in one week. But, let us pause and consider how little \$7,500,000 means to each of us when spread out over the entire state. It means \$2.50 in W. S. S. for every person in the state. This is all—just \$2.50 each.

Certainly we should be able to sell an average of \$2.50 per capita in one week. We can and we will—if every person in Indiana does his or her duty.

Of course some will buy more than \$2.50 worth—many will have to in order to keep the average up—but many will want to. Because, buying W. S. S. is Patriotic and, W. S. S. is the best investment the Government has ever offered.

## How Hull's Superlative Makes Rich Red Blood and Builds Vitality

Professor Cloyd M. Reeg, Noted Analytical Chem-  
ist Proves Health-Value of the Famous  
Hull's Superlative is Based on Facts.

Friends of Hull's Superlative in Rushville will be interested to know that the sale of this preparation is growing bigger every day. People who have tried it are so greatly benefited that they tell their friends who are sick or ailing and get them to try it.

Professor Cloyd M. Reeg, the noted analytical chemist, connected with the Endicott College, states that Hull's Superlative is not a drug poison, but is composed of seven roots, barks and one berry, and it is this highly concentrated extract that holds in liquid suspension the invaluable salts and minerals so important to the human body and even to life itself.

"Because of these facts," says Professor Reeg, "Hull's Superlative occupies a unique position in its relation to the health of mankind. It is not a medicine but rather a blood and tissue food and vitality-builder of undoubted worth, and its use will do much to promote health and strength that makes for efficiency." It is nature's great helper in time

of need, and a short course treatment will eliminate sickness from the body, for once the blood and tissues contain their proper balance of salts and minerals there can be no sickness.

Sick nerves, an upset stomach, deranged kidneys, bladder, bowel trouble and like ailments soon vanish when a course of treatment with Hull's Superlative is begun. Coughs, colds, and grip, tonsillitis and other contagious ailments are quickly routed by Hull's Superlative, for once the tissues and blood are receiving their proper nourishment good health is sure to follow.

Every bottle of Hull's Superlative is sold on a positive money-back guarantee. If taking part or all of one bottle the customer does not think he has been helped all he needs to do is return the partly filled or empty bottle to the druggist and get his money back. This should be sufficient guarantee to induce every man and woman sufferer who reads this paper to try Hull's Superlative. (Adv.)
